Kia ora Neighbour,

### **New home for School Road, Kingsland**

Kāinga Ora (formerly Housing New Zealand) needs to increase the number of our homes, particularly in Auckland to provide housing for those New Zealanders who need it. We increase our housing stock in a number of ways:

1. Redevelop on our existing land holdings
2. Lease properties from others, or
3. Buy homes on the open market in areas of high demand

With the introduction of the Auckland Unitary Plan and ability to increase housing density in a number of suburbs, Kāinga Ora is developing property in areas of high demand. This includes our land at 1a School Road.

Our intention is to better utilise land currently occupied by a small number of old houses on large sections. We will do this by building a greater variety of new, warm and healthy homes, designed to complement the local environment and meet the needs of today's tenants.

Over the next few months, we will be carrying out feasibility studies at this location to determine how we could better utilise our land under the current zoning.

The planning zone is Residential Terrace Housing and Apartment Building (THAB). This zone enables urban residential living in the form of terrace housing and apartments.

Kia ora Neighbour,

### **New home for School Road, Kingsland**

Kāinga Ora (formerly Housing New Zealand) needs to increase the number of our homes, particularly in Auckland to provide housing for those New Zealanders who need it. We increase our housing stock in a number of ways:

1. Redevelop on our existing land holdings
2. Lease properties from others, or
3. Buy homes on the open market in areas of high demand

With the introduction of the Auckland Unitary Plan and ability to increase housing density in a number of suburbs, Kāinga Ora is developing property in areas of high demand. This includes our land at 1a School Road.

Our intention is to better utilise land currently occupied by a small number of old houses on large sections. We will do this by building a greater variety of new, warm and healthy homes, designed to complement the local environment and meet the needs of today's tenants.

Over the next few months, we will be carrying out feasibility studies at this location to determine how we could better utilise our land under the current zoning.

The planning zone is Residential Terrace Housing and Apartment Building (THAB). This zone enables urban residential living in the form of terrace housing and apartments.

1. Redevelop on our existing land holdings
2. Lease properties from others, or
3. Buy homes on the open market in areas of high demand

With the introduction of the Auckland Unitary Plan and ability to increase housing density in a number of suburbs, Kāinga Ora is developing property in areas of high demand. This includes our land at 1a School Road.

Our intention is to better utilise land currently occupied by a small number of old houses on large sections. We will do this by building a greater variety of new, warm and healthy homes, designed to complement the local environment and meet the needs of today's tenants.

Over the next few months, we will be carrying out feasibility studies at this location to determine how we could better utilise our land under the current zoning.

The planning zone is Residential Terrace Housing and Apartment Building (THAB). This zone enables urban residential living in the form of terrace housing and apartments.

Kia ora Neighbour,

### **New home for School Road, Kingsland**

Kāinga Ora (formerly Housing New Zealand) needs to increase the number of our homes, particularly in Auckland to provide housing for those New Zealanders who need it. We increase our housing stock in a number of ways:

1. Redevelop on our existing land holdings
2. Lease properties from others, or
3. Buy homes on the open market in areas of high demand

With the introduction of the Auckland Unitary Plan and ability to increase housing density in a number of suburbs, Kāinga Ora is developing property in areas of high demand. This includes our land at 1a School Road.

Our intention is to better utilise land currently occupied by a small number of old houses on large sections. We will do this by building a greater variety of new, warm and healthy homes, designed to complement the local environment and meet the needs of today's tenants.

Over the next few months, we will be carrying out feasibility studies at this location to determine how we could better utilise our land under the current zoning.

The planning zone is Residential Terrace Housing and Apartment Building (THAB). This zone enables urban residential living in the form of terrace housing and apartments.

With the introduction of the Auckland Unitary Plan and ability to increase housing density in a number of suburbs, Kāinga Ora is developing property in areas of high demand. This includes our land at 1a School Road.

Our intention is to better utilise land currently occupied by a small number of old houses on large sections. We will do this by building a greater variety of new, warm and healthy homes, designed to complement the local environment and meet the needs of today's tenants.

Over the next few months, we will be carrying out feasibility studies at this location to determine how we could better utilise our land under the current zoning.

The planning zone is Residential Terrace Housing and Apartment Building (THAB). This zone enables urban residential living in the form of terrace housing and apartments.

Kia ora Neighbour,

### **New home for School Road, Kingsland**

Kāinga Ora (formerly Housing New Zealand) needs to increase the number of our homes, particularly in Auckland to provide housing for those New Zealanders who need it. We increase our housing stock in a number of ways:

1. Redevelop on our existing land holdings
2. Lease properties from others, or
3. Buy homes on the open market in areas of high demand

With the introduction of the Auckland Unitary Plan and ability to increase housing density in a number of suburbs, Kāinga Ora is developing property in areas of high demand. This includes our land at 1a School Road.

Our intention is to better utilise land currently occupied by a small number of old houses on large sections. We will do this by building a greater variety of new, warm and healthy homes, designed to complement the local environment and meet the needs of today's tenants.

Over the next few months, we will be carrying out feasibility studies at this location to determine how we could better utilise our land under the current zoning.

The planning zone is Residential Terrace Housing and Apartment Building (THAB). This zone enables urban residential living in the form of terrace housing and apartments.

With the introduction of the Auckland Unitary Plan and ability to increase housing density in a number of suburbs, Kāinga Ora is developing property in areas of high demand. This includes our land at 1a School Road.

Our intention is to better utilise land currently occupied by a small number of old houses on large sections. We will do this by building a greater variety of new, warm and healthy homes, designed to complement the local environment and meet the needs of today's tenants.

Over the next few months, we will be carrying out feasibility studies at this location to determine how we could better utilise our land under the current zoning.

The planning zone is Residential Terrace Housing and Apartment Building (THAB). This zone enables urban residential living in the form of terrace housing and apartments.

Kia ora Neighbour,

### **New home for School Road, Kingsland**

Kāinga Ora (formerly Housing New Zealand) needs to increase the number of our homes, particularly in Auckland to provide housing for those New Zealanders who need it. We increase our housing stock in a number of ways:

1. Redevelop on our existing land holdings
2. Lease properties from others, or
3. Buy homes on the open market in areas of high demand

With the introduction of the Auckland Unitary Plan and ability to increase housing density in a number of suburbs, Kāinga Ora is developing property in areas of high demand. This includes our land at 1a School Road.

Our intention is to better utilise land currently occupied by a small number of old houses on large sections. We will do this by building a greater variety of new, warm and healthy homes, designed to complement the local environment and meet the needs of today's tenants.

Over the next few months, we will be carrying out feasibility studies at this location to determine how we could better utilise our land under the current zoning.

The planning zone is Residential Terrace Housing and Apartment Building (THAB). This zone enables urban residential living in the form of terrace housing and apartments.
