Kia ora Neighbour,

We hope you are keeping warm and dry over the cooler months.

We are excited to see construction is well underway at 66-70 Leach Street. The 44 new, warm, dry homes will provide a place to call home for those most in need.

It has been great to meet some of you at our previous community drop in sessions, and hear your thoughts and ideas about how we could better support your community.

It's important that we are not only building homes but thriving, sustainable and inclusive neighbourhoods too. We would love to connect with you over the coming months to share information around Kāinga Ora Homes and Communities and how we support our customers to live well in their homes.

Moving forward we will be running regular community drop in sessions, each with a different theme. Feel free to come along to all of the sessions or just the ones that interest you.

Session One - Come and meet the local team

This will be an opportunity to come along and have a cuppa and a chat with our local team in an informal setting.

Date: Wednesday 26 July 2023

Time: Call in anytime between 4.30pm – 6.00pm

Location: Community House Conference Room, 34 Leach Street, New Plymouth (next to YMCA)

We will be in touch with community in the following months with information about our next session.
