

10 SEP 2019

Thank you for your official information request dated 15 August 2019 asking for the following:

'statistics regarding social housing in the Christchurch area. Is there a report detailing the number of state houses in each suburb? Or even better down to each street?'

The information you have requested is included with my letter in the following appendices:

Appendix I - a list of the number of Housing New Zealand-owned state homes in Christchurch, and

Appendix II – a list of the Housing New Zealand-owned state homes by streets in Christchurch.

The following notes apply to all of the tables in the two appendices, and need to be read in conjunction with that information:

- we have defined the Christchurch area as including the Hurunui and Waimakariri District Territorial Local Authority, or TLA
- Housing New Zealand does not record property information by suburb
- the information has been broken down by Census Area Unit (CAU), which is a statistical area similar in size to a suburb
- the data provided has been collated as at 31 July 2019
- the data is for the numbers of Housing New Zealand-owned homes in each area specified, and excludes Community Group, Emergency and Transitional Housing. These properties may be owned by Housing New Zealand, but leased out to private providers to manage as public housing
- Housing New Zealand also leases homes from private owners, which we use as part of our state housing.

I trust this information is useful.

Yours sincerely

A handwritten signature in blue ink that reads "Rachel Kelly".

Rachel Kelly
Manager, Government Services
